

QT Series™ Fan and Fan/Lights—Project Packs

Project Packs Available for QTRE100S model

To simplify installation, a Project Pack is available with four fan housings. When drywall work and painting is complete, the fan components needed to finish the job are available in a single pack under a separate model number. The finish kit includes the motor plate, motor, wheel and grille. See the matrix below for Project Pack order information.

Project Pack	Kit number:	For model:
Four-pack of FAN housings only:	HQTS4	
One-pack finish kits for FAN models:	FQTRE100S	QTRE100S

Retrofit a QT Series™ fan in less time, with less work.

With a telescoping frame and a unique duct attachment system, installation is simplified. The fan goes in faster, connects to joists more solidly, and eliminates unprofessional “rigging.” There’s also no patching, priming or painting when you’re done.

That’s what the Broan QTRE080R Retrofit Fan does for you.

- UL Listed for use over tub or shower when installed in a GFCI protected branch circuit
- HVI Certified
- ENERGY STAR® qualified
- Fits 2" x 8" ceiling construction

Our retrofit housing doesn't require mounting ears, which simplifies placement through the drywall.

Model	CFM	Sones	ENERGY STAR®	Bath Sq. Ft.	Ducting
