Pico® wireless control

Add a new control wherever you want it

On the wall

Add a new control without cutting or wiring. You can install the Pico directly on any wall surface in minutes.

On a table

Mount the Pico to a pedestal and you have a simple and elegant tabletop control.

In your hand

Use the Pico as handheld remote, and adjust the lights or shades.

In your car

Clip a Pico to your car's visor and turn on the lights as you pull into the driveway. You'll never have to walk into a dark home again.

Communicates via Lutron Clear Connect® RF technology
