Component Diagram:

STEP 1

Choose LED Tape Strips
Select tape length, voltage, color temperature and face color based on your desired specifications.

STEP 2

Select Connectors & Cables
Determine required connectors and cuts to achieve your system configuration.

STEP 3

Select Transformers
Multiply the number of feet in your run by 3 watts to determine transformer size. Match voltage of the transformer to your LED tape's voltage.

Optional Components
Mount tape with included 3M™ industrial adhesive backing or mounting clips.
